CAREER PATHWAYS... Education and Career Planning Guide West Feliciana High School (CTE)

Every West Feliciana High School Student College/Career Ready!

The goal of the WFHS CTE Program is to become a 21st century college/career readiness institution that offers students a high-quality seamless education. The WFHS CTE Program provides students with a career-focused education that includes development of work ethics, leadership, and problem-solving skills. Through collaborative partnership with business and industry, our students will receive the most up-to-date hands-on training and resources in preparation for demanding industry careers. Our program will provide local businesses and industries with qualified, credentialed, and skilled workers.

Utilize this flyer as a guide to assist you in selecting a pathway and to determine where classes and pathways are offered.

West Feliciana High School offers students choices for classes and programs!

Pathways are offered at multiple locations.

- Some pathways are offered completely at West Feliciana Parish High School
- Some pathways offer the first level course at West Feliciana High School, and then students attend industry to complete the remaining courses in the pathway

Some Pathways offer Dual Enrollment, Advanced Placement, College Credit, and/or Industry Based Certification (IBC)

For specific graduation information requirements in each pathway, see the guidance counselor.

Dual Enrollment

Did you know that you can earn college and/or technical college credit while attending high school by participating in Dual Enrollment? Dual Enrollment is taught on the college and/or technical college campus.

The following dual enrollment opportunities are offered:

LSU	BRCC	SELU	ABC
Algebra	Carpentry	English	Welding
Trigonometry		Biology	
Chemistry		Psychology	
Contemporary Mathematics		Western Civilization	
		Public Speaking	

Dual Enrollment information and applications are available in the guidance office.

Work-Based Learning

Work-Based Learning is offered as a culminating activity for all pathways. Students will attend worksites to get real-world experience.

What will you do in Work-Based Learning?

- ✓ Work at a job site as part of your school day
- ✓ Gain skills in a chosen career area
- ✓ Develop professional relationships
- ✓ Make contacts with future employers
- ✓ Develop a career portfolio (resume, sample letter of application, etc.)
- ✓ Make decisions about future education and training
